# Long Vowel Teams

**Remember! Long vowels say their own name.**

**Super E!** When Super E is at the end of a word, it makes the other vowel say its own name. For example: **bike, take, ice.** Super E is a long vowel team!

**What is a long vowel team?** A long vowel team is a pair of vowels in a word. One of the vowels causes the other to say its own name. For example: In the word play, the letter y is considered a vowel and makes the other say its name (a). In the word boat, the letters oa are a vowel team, and the a "kicks" the o and makes it say its own name.
